

url: /audit2/selected/newCount

The screenshot shows the MedImpact MIDAS interface. The top navigation bar includes 'Argus', 'Analysis', 'Audit', 'Reports', 'Dashboard', and 'Cont'. The left sidebar lists 'Referral', 'FWA Analysis', 'Post-Pay Analysis', and 'Pre-Pay Analysis' (highlighted in red). The main content area is titled 'Pre-Pay Analysis' and has tabs for 'Pre-Pay Review', 'Outbound Queue', 'Inbound Queue', and 'Distrib'. Under 'My Selected', the 'New (0)' button is highlighted with a red box. Other options include 'Pending Queue (5)', 'Completed', 'Not Selected', and 'Pre-pay Overview' (with sub-options: 'Pool Overview', 'All Selected', 'All Completed'). On the right, there are input fields for 'Fill Date Range', 'HQ Header', 'NDC', 'NCPDP', 'PIF Cost Range (\$)', and 'Total Cost Range'. A table header at the bottom shows 'Claim ID', 'Pharmacy Name', 'NCPDP', and 'Rx N'.

url: /audit2/selected/pendindCount

This screenshot is identical to the one above, but the 'Pending Queue (5)' button under 'My Selected' is highlighted with a red box instead of 'New (0)'. The rest of the interface, including the navigation, sidebar, and form fields, remains the same.
